<sup>1</sup>According to Regulations (EC) No 1829/2003 and No 1830/2003

<sup>2</sup>Pea is not listed among major allergens and intolerant agents in EU (Annex II Regulation 1169/2011) neither in the Codex list of allergens to be labeled (Codex Stan 1-1985 (Rev. 1-1991)-§4.2.1.43). Due to a few rare reported allergic reactions with pea (and their derived products), we strongly suggest to our customers to list the botanical origin of their pea derived products in their ingredient statement.

<sup>3</sup>Clinical studies suggest benefits on muscle mass increase and short-term satiety

<sup>4</sup>measured using the in vitro NIZO SYMPHID model of gastric digestion
