NUTRALYS® Rice 1800XF Rice Protein

- Safe and familiar source of plant protein from non-GMO rice
- Not a major allergen
- Kosher and Halal certified

Key Benefits for Protein Dough Bar

NUTRALYS® S85 Plus Pea Protein

NUTRITIONAL

- Premium quality pea protein isolate (85% protein on D.S.)
- Easily digestible protein (96%)
- 8.7g Arginine and 8.2g Leucine per 100g protein (Nx6.25)

FUNCTIONAL

- High solubility over a wide range of pH
- Low viscosity
- Easy-to-use

SENSORY

- Optimized taste profile
- Contributes to soft texture

NUTRALYS® Rice 1800XF Rice Protein

NUTRITIONAL

- Premium quality rice protein concentrate (80% protein on D.S.)
- Suited best for protein bars and other snacks
- Easily digestible protein (100%)
- Amino-acid profile: complementary to pea and 17.6g BCAAs per 100g protein (Nx6.25)

FUNCTIONAL

- Extra fine particle size that contributes to smooth and soft texture
- Good dispersibility and flowability
- Low viscosity

SENSORY

- Add cereal/rice notes to sweet and savory flavors
- Appealing light cream color

POTENTIAL CLAIMS* (USA) Plant-Based Protein Dough Bar

- 15g protein per serving
- No dairy, No soy
- Vegetarian
- 0mg of cholesterol per serving
- Excellent source of iron**

* Information based on USA regulations.
Subject to applicable local laws and regulations

** Contains 10-19% of the DV per RACC

Detailed recipe: APNUHPR009

Food Solutions**

www.roquette.com

¹ NUTRALYS® health benefits are supported by one single clinical study. Food manufacturers who would like to use NUTRALYS® pea protein for these benefits will have to run its own studies based on its own formulation.

² Pea is not listed in the Codex Stan 1-1985 (Rev. 1-1991)-§4.2.1.43, list of allergens to be labeled. Due to a few rare reported allergic reactions with pea (and their derived products), we strongly suggest to our customers to list the botanical origin of their pea derived products in their ingredient statement.

¹ The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

This informative and technical document is provided for food business operators or healthcare professionals, including prospective customers for Roquette and not intended to be delivered as such to final consumers.
