**Plaster  
board  
industry**

# From powder to plasterboard: Plant-based solutions for a sustainable development

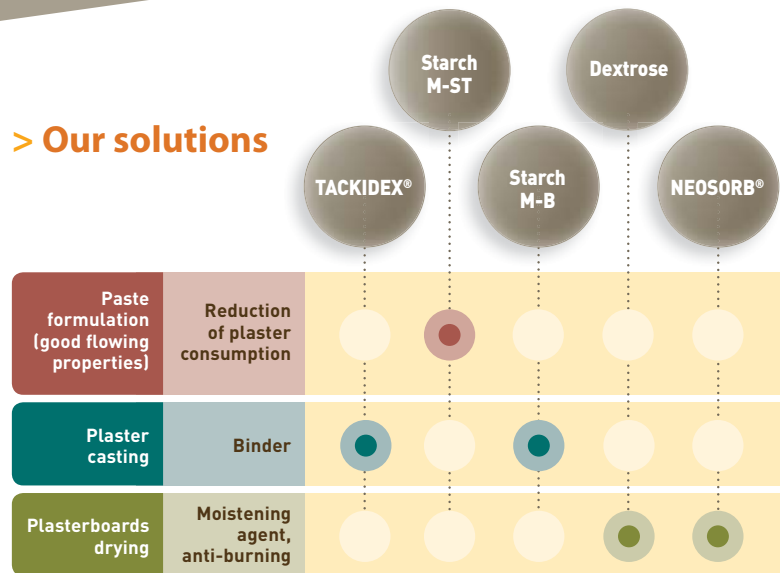

Thanks to more than 80 years of experience servicing the building industry, Roquette is able to provide its customers with state-of-the-art solutions that meet their needs.

Our application laboratories and our experts are at your service to offer you application advice and help with project implementation.

- > Are you looking for ways to prevent the boards from burning?
- > Are you trying to reduce your costs?
- > Do you need to keep your recycling process unchanged?

Thanks to our expertise, we can help you to reduce your costs by limiting your plaster consumption and increase the quality of your products by optimizing their drying. All this without affecting the ability to recycle your plasterboard.

## > Our solutions

- Plant-based and Biodegradable raw materials
- Anti-burning

- Cost optimization
- Paper adhesion
- Controlled rheology
