Solutions
for the
**Plaster
industry**

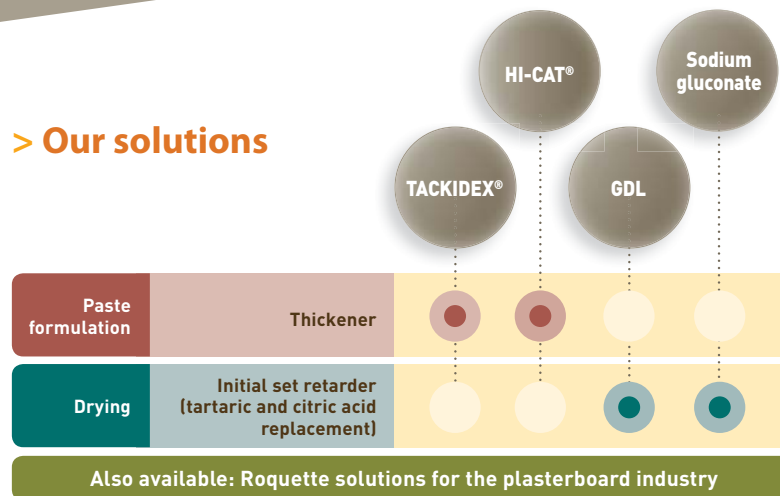

From powder to plaster:

Plant-based solutions for a sustainable development

Thanks to more than 80 years of experience servicing the building industry, Roquette is able to provide its customers with state-of-the-art solutions that meet their needs.

Our application laboratories and our experts are at your service to offer you application advice and help with project implementation.

> Our solutions

- > Are you looking for sustainable formulation solutions?
- > Do you wish to improve handling properties?

Thanks to our expertise, we can help you to design efficient plaster-based products that comply with sustainability constraints by offering you efficient biodegradable solutions. Our large range of products will allow you to improve your formulations from mixing to drying.

- Plant-based and Biodegradable raw materials
- Easy to use

- Controlled rheology
- Longer open time
