Powerful enzymes need special care : Plant-based solutions for a sustainable development

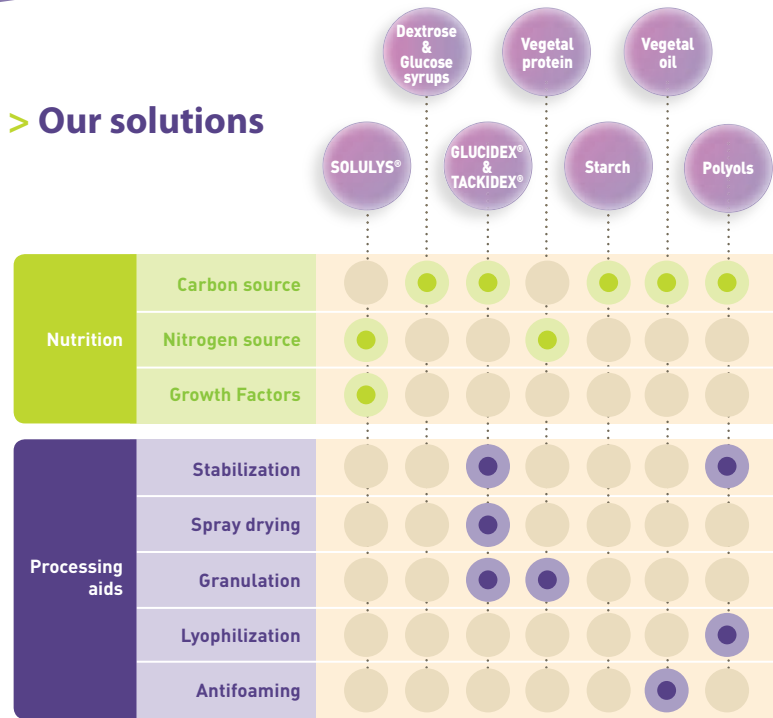

Thanks to more than 80 years of experience in the starch industry, Roquette is able to provide its customers with state-of-the-art solutions that meet their needs.

Our application laboratories and our experts are at your service to offer you efficient answers and project implementation.

- > Are you looking for "animal free" nutrient sources?
- > Does your process require high quality and consistency in your raw materials?
- > Do you need pure protein sources?
- > Is technical and application support critical to your success?

Thanks to more than 80 years expertise in biorefining Roquette can offer a broad range of solutions to the fermentation industry. Whether you are producing an enzyme, or potentially a human therapeutic, we have carbon and nitrogen sources that will fit your need. Couple that with a dedicated technical staff to assist you in development.
