| SENSORY     | <ul style="list-style-type: none"><li>• Neutral taste and odorless</li><li>• Transparent</li><li>• Enhances good flavour and creamy mouthfeel</li></ul>       |

1. Pea is not listed among major allergens and intolerant agents in EU (Annex II Regulation 1169/2011) neither in the Codex list of allergens to be labeled (Codex Stan 1-1985 (Rev. 1-1991)- §4.2.1.43). Due to a few rare reported allergic reactions with pea (and their derived products), we strongly suggest to our customers to list the botanical origin of their pea derived products in their ingredient statement. 2. According to Regulations (EC) No 1829/2003 and No 1830/2003. 3. NUTRALYS® health benefits are supported by one single clinical study. Food manufacturers who would like to use NUTRALYS® pea protein for these benefits will have to run their own studies based on their own formulation.
